Education

Rutgers University – Camden • *Master of Science*
AUG 2019 - MAY 2021

Studying Computer Science with a concentration in Scientific Computing.

GPA: 4.0

University of Pune • *Bachelor of Engineering*
JUN 2013 - JUL 2017

Studied Computer Science & Engineering at the **Army Institute of Technology**.

Graduated with a first class with distinction.

Experience

Senator Walter Rand Institute for Public Affairs •
Graduate Research Assistant
NOV 2019 - PRESENT, CAMDEN

• Designing probabilistic model(s) to generate actionable insights into community health outcomes data.
• Assessing shortfalls in the South Jersey healthcare system during the COVID-19 pandemic using a combination of epidemiological modeling and optimal control. [1]
• Coordinating efforts and maintaining the codebase for a study on the mortality risks during and following COVID-19.

Rutgers University • *Teaching Assistant*
SEP 2020 - PRESENT, CAMDEN

CS 111: Programming Fundamentals (Fall 2020); responsible for designing, teaching and grading remote laboratory instructions.

Rutgers University • *Research Assistant (Summer)*
MAY 2020 - SEP 2020, CAMDEN

Researching stochastic algorithms for self-organizing particle systems model of distributed computing.

ParallelDots, Inc. • *Associate Data Scientist*
JUL 2018 - JUL 2019, GURGAON

• Wrote predictive models for market research using Bayesian machine learning.
• Worked on transfer learning in language modeling and memory efficient deep learning.

Indian Institute of Technology, Delhi • *Research Intern*
AUG 2017 - MAY 2018, NEW DELHI

Studied the generalisation properties of deep neural networks.

Edelweiss Financial Services • *Data Science Intern*
JUN 2016 – JUL 2016, MUMBAI

Designed and developed a model to predict propensity of claims in new insurance policies for the Risk Analytics team at *Edelweiss-Tokio Life Insurance*.
